Mengen und Notation

Dein Name

October 8, 2024

Hier sind die Mengen S und U sowie ihre Komponenten:

$$S = \{(x_{s_i}, a_{s_i}, y_{s_i})\}_{i=1}^{N_s}, \quad U = \{(x_{u_j}, a_{u_j}, y_{u_j})\}_{j=1}^{N_u}$$

Wir definieren die Mengen der Komponenten wie folgt:

$$X_s = \{x_{s_i} \mid i = 1, \dots, N_s\}, \quad A_s = \{a_{s_i} \mid i = 1, \dots, N_s\}, \quad Y_s = \{y_{s_i} \mid i = 1, \dots, N_s\}$$

$$X_u = \{x_{u_j} \mid j = 1, \dots, N_u\}, \quad A_u = \{a_{u_j} \mid j = 1, \dots, N_u\}, \quad Y_u = \{y_{u_j} \mid j = 1, \dots, N_u\}$$
